

### **3. Teatro Estudio Cavaret**

This is a very informal space where the public can enjoy the performance and have a drink at their table.

The Teatro Estudio Cavaret offers a multifunctional auditorium for alternative national and international performances as well as space for entertainment, presentations, and production of cultural and sporting events. All types of musical concerts and exhibitions are presented as well. The space holds from 300 to 3,300 people varying from tables with chairs or standing room only.

The space has the most advanced audio and lighting systems which are ideal for excellence in acoustic showpieces. It is located in a premiere location at the Cultural Center at the University of Guadalajara. The theater has all the services and comforts such as valet parking, phone lines, security, and medical services.
